The Red Cross in Our Community

Disaster Relief and Community Disaster Education

When a disaster threatens or strikes, the Red Cross is there. This year we responded to 151 local disasters. We helped affected individuals and families with emergency food, shelter and supplies.

Because being prepared can make your family and community safer and sometimes minimize injury and destruction, we made disaster education presentations to 6,877 people throughout the community.

Armed Forces Emergency Services

The American Red Cross provides emergency communication between those in the Armed Forces and their families. We have a worldwide network that reaches service members wherever they are to communicate a birth, death or illness. This year we provided 636 services through emergency communications, emergency loans, grants and counseling or referral services.

Health and Safety Services

From first aid, CPR and AED training to swimming and lifeguarding, American Red Cross programs help people lead safer and healthier lives. This year, 5,341 individuals learned lifesaving skills through classes offered by the chapter.

International Services

The international tracing program helps local families find relatives with whom they have lost contact because of a natural disaster, war or internal conflict. We helped reconnect 3 families and trained almost 400 people in International Humanitarian Law.

A Note about Volunteers

We depend on volunteers of all ages and backgrounds to carry on our work. Volunteers constitute 97 percent of our total workforce, serving as members of the board, instructors teaching lifesaving skills, disaster action team members, office administrators, event organizers and more.

This year, more than 200 volunteers made the work of the chapter possible, contributing countless hours, for an invaluable contribution to the chapter and the community.
